A manera de síntesis, los errores encontrados y los elementos faltantes que luego se corrigieron y completaron, se exponen en los siguientes puntos:

- Todos los artículos indexados tenían errores en el formato de la especificación de su procedencia, no se seguían los lineamientos preestablecidos, distorsionándose la búsqueda hasta cierto punto.
- Faltaban 16 números por indexar, correspondientes a 4 volúmenes anuales que no habían sido tomados en cuenta y que sí estaban disponibles (Volúmenes del X al XIII).
